Special roast pods launch

PETER CARRUTHERS

FOR five years Cairns coffee pod king Ramzi Halabi has been developing blends worthy of the most discerning caffeine connoisseur.

The man behind Far North Queensland's first biodegradable and fully compostable Nespresso-compatible capsules has now released a new range of flavours based on prize-winning roasts.

"It is extremely exciting because for once we are competing for quality not price," he said.

The Regio Espresso blend is made in the same tradition as Nespresso's limited edition capsules but is being dubbed the Hermitage Grange of coffee pods.

The carefully selected and roasted beans at the heart of this special espresso blend are from the finest single origin Arabicas with a hint of robusta.

The Regio Cantata is prepared in the tradition of top quality limited edition capsules and is referred to by some as the Dom Perignon of capsule coffees, Mr Halabi said.

This is a full bodied single origin certified fair trade organic Arabica, grown at 5000ft above sea level.

Cantata is an elegant and rich full bodied coffee, with hints of chocolate and vanilla.

Mr Halabi said the origin of the coffee used in the pod manufacture was closely guarded, however he assured drinkers of the product's quality.

Drop in to 5/275 McCormack Street, Manunda to pick up your designer pods or order online at www.mycoffecapsule.com
